Managed Care Plan Enhanced Care Management and Community Supports Referral Pathways

Managed Care Plans (MCPs) are responsible for administering both the Enhanced Care Management (ECM) and Community Supports (CS) initiatives in collaboration with their network of community-based providers.

To find which MCP serves your county please visit: [DHCS MediCal Managed Care Plan Directory](#).

ECM and CS are separate initiatives, and some Medi-Cal Members may qualify for only ECM, or only CS. To be eligible for ECM, Members must be enrolled in a Medi-Cal MCP and meet at least one of the ECM Populations of Focus. [Children involved in \(or with a history of involvement in\) child welfare, including foster care up to age 26](#) are a population of focus. CS are available to eligible Medi-Cal members regardless of whether they qualify for ECM services.

Use the hyperlinks below to see each MCP's ECM and CS webpages.
