What are you hoping to learn today?

11 / 13

14

Who exactly will be affected. And if possible provide a specific example.

how to help community members not lose Medi-Cal!

How many people in Alameda county will be affected

Limit harmful impacts and communicate next steps

Updates for immigrants qualifications to keep medical coverage!

What data needs to be captured and how will this be reported to the state?

Plans for MCPs, AC Health, AAH, and SSA to partner on shoring up local Medi-Cal eligibility staff to handle this increased workload / not have people inappropriately lose benefits.

How to best show up for the community

How we can work together to keep people covered!

What partnerships we can create as a network to support

Resources to train people (recipients)

Are children affected?

Short term impacts vs long term impacts and timelines for both

How will AC help nonprofits and organizations support people who are adversely affected?

Background

- In 2025, Alameda County Health partnered with The Better Government Lab to project impacts of Medi-Cal policy changes
- Estimates and visualizations were made in collaboration with Social Services Agency, Alameda Alliance for Health, Community Health Center Network, and Alameda Health System

- Estimates are based on several data sources:
 - Social Services Agency
 - California Department of Health and Human Services
 - Kaiser Family Foundation
 - Well-Being and Basic Needs Survey (Urban Institute)
 - Survey of Income and Program Participation (US Census Bureau)
 - Other states that have implemented similar policies

Timeline: Important Changes to Medi-Cal & CalFresh

Feb 2026

Dec 2026

Dec 2027

All numbers are estimates and rounded.
See appendix for underlying assumptions.

*does not include estimates of reenrollment

What can we do?

With proper assistance, procedural denials can be greatly reduced: **99,000 can stay on Medi-Cal** with targeted outreach, enrollment assistance, collecting and submitting documentation, and overall application support

Largest Impacts on MAGI New Adult and UIS groups

Estimated Number of Enrollees, by Medi-Cal Group

Estimated Coverage Loss: MAGI New Adult Group

Estimated Coverage Loss: Unsatisfactory Immigration Status (UIS)

Expected Coverage Loss: Non-MAGI Asset Limit Change (2026-2027)

Estimated Coverage Loss: Qualified Non-Citizens

- Qualified non-citizens will no longer be eligible for federally funded Medi-Cal coverage, which will impact all lawfully residing immigrants.
- This group will be still be eligible for restricted-scope Medi-Cal.
- Qualified Non-Citizens include:
 - Refugees
 - Asylees
 - Amerasian immigrants
 - Individuals granted withholding of deportation or removal
 - Conditional entrants granted before April 1980
 - Individuals granted humanitarian parole (e.g., certain Afghans who aided US operations, people fleeing Ukrainian war)
 - Individuals paroled in the US for one year or more
 - Battered non-citizens or the parent or child of a battered non-citizen
 - Victims of human trafficking

Key Takeaways

1. Maintain your Medi-Cal and CalFresh as much as possible

2. Keep your mailing address and phone # updated with your local social services agency and on BenefitsCal.com
